

Welcome party

Adigrat University celebrated a welcome party for its first students

Adigrat University celebrated a welcome party for its first students on November 26/2004 EC. The celebration was in the new and prime campus that holds its students in its attractive and golden buildings. The campus has such a huge café that it can hold 3000 persons, and the celebration was took place in that café. It was so decorated with various reflecting decorations and flags of all the regions of our country that every participant of the celebration including the students were really attracted. Yohannes Kebede (Lecturer) announced all the program of the celebration to the audience and the celebration was opened by the song of nations, Nationalities and peoples of Ethiopia by the students of Tsinseta Iemariam secondary school, and this makes it bright since it was celebrated at the eve of nations and nationalities day. Therefore, it makes it unique from other celebrations. After that the president of the university Dr. Zaid Negash began his attractive and golden speech by saying well-come to all the participants and continued his speech Adigrat University has two campuses, but now we have only one campus that covers 100 hectare. We have 960 students and 65% of them are females. Lastly, Dr. Zaid Said the students should be shaped both in Ethics and their academic achievements because they are the first and key of the university. Furthermore, there were many guests and some of them were requested to reflect their attitude about the celebration. Ato Kehase G/medhin, the mayor of Adigrat city said the community of the city is very happy due to the opening of the university and he also said that the community is on the side of the university in all sides. Ato G/meskel Tareke the administrater of Eastern Zone of Tigray also added that we are always ready to give support for the university in every manner they are requested. The city is proud of various religions, and the campus requested to the religious leaders to attend the celebration, and all the religious leaders thanks their God to see such a golden institution. And they said to the students, university is a center of technological and scientific development but shouldn't be the center of religion conflict.
